King or wise man costume

Things you will need:

- A brightly coloured robe
- Long necklace
- Coloured tinsel
- Safety pins
- Gold rope or ribbon
- Gold card

- Pencil/pen
- Scissors
- Glue
- Glitter
- Shoe box and wrapping paper
- Stapler/sellotape

1 Turn your everyday robe into a costume fit for a king by using safety pins to fasten strands of different coloured tinsel around the neck and arms holes and down the front. Wear the necklace on top.

2 Dig out your brightest coloured clothing to wear beneath the robe and wrap the gold rope or ribbon around it to make a belt.

King or wise man costume

3 Make a crown out of the gold card using the crown template provided or use your own.

4 Decorate it with glitter. Check it's the right size for your head before stapling it (we've all made that mistake before!).

5 Wrap up a shoe box in some brightly coloured wrapping paper as a gift for you to carry.

6 Put on your crown and pick up your gift and your costume is complete!
